

Name: Emily Reynolds

Grade/Subject: Student Development Advisor

Number of years working at CKS: This will be my second school year with CKS.

About me:

I am the Student Development Advisor at CKS. My lifelong desire to work with children led me to pursue a bachelor of science from the School of Human Development and Family Studies at the University of Connecticut. At CKS I am passionate about helping students become the best version of themselves. I provide social, emotional, and behavioral support for groups or individuals, and offer teambuilding sessions for grades 1-8. When I am not at school I love spending time outdoors mountain biking, skiing, and hiking with my husband, son, and 2 dogs!

Why CKS:

When I think of CKS, I think of one word...Family. From the children and their own families, to the faculty and staff...the sense of community that this school provides feels like one big FAMILY. Feeling so connected and supported by everyone involved in this school allows me to do my best work, by helping the students become the best versions of themselves both inside the building and out.
